REQUEST FOR BIDS
The Yazoo County Board of Supervisors are assisting Four homeowners accept sealed bids for the demolition of their existing unit and the contruction of the new replacement unit on the same lot. The bids are requested through the Mississippi Development Authority's HOME grant program and all bidders are required to have a "Residential Builders License" and Proof of Insurance submitted to the County along with the completed Contractor's Qualification and References Form prior to bidding. The form is available from the County or the Grant Adminstrator (Coker Consultants 662-627-2215)
The bid should be turn-key demolition, proper disposal, site preparation, 6 sets of plans and the construction of the new unit according to the plans and specifications. The project includes one (1) 3-Bedroom Unit "Montague" Plan, (2) 3-Bedroom Units "Winchester" Plan and (1) 3-Bedroom/2 Bathroom "Manufactured Unit", 16'x76' to replace an existing manufactured unit. The plans and specifications for all four (4) units along with the bid packets can be picked up or reviewed at the Yazoo County Board of Supervisors office or from the Grant Administrators office (662-627-2215). The Montague and Winchester plans are available to purchase ($8.00) from Jackson Blueprint (601-353-5803) and include all the specific MDA specifications.
A mandatory pre-bid conference will be held at the Yazoo County Supervisors Board Room on Tuesday November 8 at 2:00 P.M. Only the contractors attending this Pre-Bid Conference will be eligible to submit bids on Tuesday November 29, 2011 at 11:00 A.M. All bids should be sealed and delivered prior to 11:00 A.M. to the Yazoo County HOME Grant homeowners at the Yazoo County Board of Supervisors Office, P.O. Box 1106, Yazoo City, Ms 39194. Questions should be directed to Bill Coker 601-955-0271.
No. 47 (October 26 & November 2, 2011)
STATEMENT OF FINDINGS AND PUBLIC EXPLANATION
Floodplain Management Executive Order (EO) 11988
To: All Interested Agencies, Groups and Individuals
This is to give notice that the City of Yazoo City has analyzed the project identified below, as required by Presidential directive EO 11988 and determined that assistance should be granted therein. The proposed project consists of the following:
CONSTRUCTION OF YAZOO CITY AMTRAK STATION IN YAZOO CITY
The City of Yazoo City has determined there are no practical alternatives. The alternatives considered by the City are listed below:
1. No Action. This alternative will not remove existing non-compliant ADA conditions and concerns for safety.
2. Alternate design. This is possible; however, there are no environmental conditions that are significantly affected by the proposed train station.
3. Continue with project as planned. This alternative is the most advantageous. The train station will not significantly affect the environment.
The City of Yazoo City has determined that this project will not have a significant impact on the environment. The City recommends that the following mitigation measures should be used to minimize adverse environmental impacts and restore or enhance environmental quality.
The Contractor will obtain all necessary permits for the proposed project.
If any cultural resources are found during construction; construction will stop and MDAH will be

contacted.
In the case where any unanticipated wetlands are discovered during construction; construction will stop and the CORPS will be notified.
Since this project is located in a base (100-year frequency) floodplain established by the Federal Emergency Management Agency (FEMA) EO 11988 may deny assistance to this project unless there is no practical alternative to doing so. An analysis by the City of Yazoo City indicates there is no practical alternative. The basis for this determination is as follows:
1. It is not possible to carry out the objectives of the TIGER program and participate in the growth plan of the community without participating in projects in the base floodplain;
2. The proposed construction will not displace or redirect flood waters to seriously impact other areas; and,
3. Construction will be in compliance with the Floodplain Management Plan prepared by the community as a condition of their participation in the National Flood Insurance Program.
Any comments received as a result of the Early Public Notice for this project on November 4, 2011, were considered in the analysis which can be reviewed at City Hall. Such comments should be sent to the address given below. This project will not be implemented without considering public comments. Written comments must be received by the City of Yazoo City, Post Office Box 689, Yazoo City, Mississippi 39194 on or before November 21, 2011.
The publication of this Notice complies with Section 2(a)(2) of the Order, and it applies to all project actions located within or impacting the floodplain.
No. 48 (November 5, 2011)
BEFORE THE STATE OIL AND GAS BOARD OF MISSISSIPPI
RE: APPLICATION OF DENBURY ONSHORE, LLC
FOR ADMINISTRATIVE AUTHORITY TO CONVERT THE
TFU 32-12 #2 OIL WELL AS A CO2/SALTWATER APPROVED
CLASS II ENHANCED OIL RECOVERY INJECTION WELL,
TINSLEY FIELD UNIT, TINSLEY FIELD,
YAZOO COUNTY, MISSISSIPPI
PUBLIC NOTICE
TO: ALL OWNERS AND PERSONS INTERESTED IN THE TINSLEY FIELD UNIT, TINSLEY FIELD, YAZOO COUNTY, MISSISSIPPI:
Take notice that Denbury Onshore, LLC (the “Applicant”) has filed an administrative permit application with the Mississippi State Oil and Gas Board requesting authority to convert the TFU 32-12 #2 (“the Well”) to be utilized as an approved Class II CO2 or Saltwater enhanced oil recovery injection well, Tinsley Field, Yazoo County, Mississippi.
The Well location is 2,084’ from the south line and 437’ from the west line of Section 32, Township 10 North, Range 2 West, Yazoo County, Mississippi.
Applicant requests authority to convert said well to be utilized as an approved Class II CO2 or Saltwater enhanced oil recovery injection well in the unitized Tinsley Field Unit, Tinsley Field with the top of the injection interval at of 4,960 feet below the surface in said well. The well will be utilized for pressure maintenance and tertiary recovery operations on the Field Unit, a compulsory fieldwide unit in the Tinsley Field.
Applicant’s administrative permit application in this matter is on file in the offices of the Mississippi State Oil and Gas Board located at 500 Greymont Avenue, Suite E, Jackson, Mississippi 39202, where it is available for public inspection during usual business hours.
Any interested persons wishing to submit written comments to the Mississippi State Oil and Gas

Board regarding this administrative permit application must do so within twenty (20) days following the publication of this public notice.
Signed this 31st day of October, 2011
